

# Sunshine Singers Choir

## Open Day

## Friday, 26<sup>th</sup> July

Sunshine Singers Choir is for people diagnosed with dementia and related disorders, like Parkinson's their family carers and supporters who are music lovers and want to sing and enjoy music.

Singing brings meaning, togetherness and joy. Other benefits could be better thinking and mental health. The person with the medical condition must be accompanied with a support person.

*Carer's Comment: Since going to choir he (her husband) speaks more with others and really looks forward to the Choir.*
